- Populace photo is still planned for October 18th. We are looking at Woodward Park stairs (south-facing) and will probably want to meet earlier than 7, bearing in mind the earlier sunset time of 6:43pm. Since masks outdoors may still be required on that date, Francesca will be setting up a photo booth at the next Populace. We can make a collage of our smiling faces!

Phase update: As of August 11th, Masks are required for all in-person SCA activities for everyone over 2 years old. SCA entities can only provide food that is prepackaged, and single use, commercially sealed beverages. Youth Activities are prohibited at this time.

As of August 24th, Local activities with no more than 25 people may be held indoors and social distance must be maintained. Masks are still required indoors and out.

Other news:

Ansteorran DRC is in contact with Gleann Abhann. Their Crown Tourney has been postponed & A&S is now virtual. We're seeing lots of damage reports from Hurricane Ida, but waiting to see what help is needed. Brandy Merrell is the Ansteorran Disaster Relief Coordinator (DRC) and will be making announcements as the news comes through.

The Vindheim Herald's book is on its way back to Rwsa. HE Damon has offered to do the Northkeep device on it. Someone is needed for Chemin Noir.

Rwsa shared that during her 52 days in the hospital with hundreds of staff around she spoke to everyone she could about the SCA. Regardless of your circumstance you can be a positive example of our organization. She also met some SCAdians!
